

Cosse large ceiling lamp

technical sheet

While its Friulan name reminds the pack basket used to carry the hay, Cosse is a pendant and ceiling lamp whose design emphasizes its contemporary style and finishes of the materials.

The choice of matte glazed ceramic accents the bold and sharp incisions which remind an archetypal pack basket. The wood element on top is the junction with the material used once for those baskets. The light is captured by the surface and casted direct and sharp on the bottom plane.

Cosse is available in 5 vibrant and modern colors with a black cable for the pendant version and a black matte fitting for the ceiling version.
