DZSTUDIO

Unsa is a table lamp with a framework of two bands of metal in the same colour as the methacrylate diffuser. The lamp is available in two sizes, in red or white and is suitable for any interior because of its simplistic shape and design. The design idea was to create a simple but stylish shape that followed the "less is more" concept and would suit a contemporary to classic environment. Unsa is one of the new lamps introduced by Calligaris SpA in its first lighting collection.

ENOC ARMENGOL & ARNAU MIQUEL

Enoc Armengol & Arnau Miquel are Spanish designers based in Barcelona and New York. They are industrial and interior designers who are passionate about eco-product development. Designed in 2008, Folded Chair, pictured, is inspired by organic forms and is ergonomic and functional. The chair is produced out of a single sheet of stainless steel, which is folded to make a geometric, harmonious shape and then finished in black or white leather.

ASMUNDSSON DESIGN

The Lamp Figure is made from a single piece of metal and bent to shape - one of eight made from the same piece. Aasmundsson Design displayed a collection of lights at the Reykjavik Art Museum last year under the name Meditation on Furniture and was inspired by how man used light in early times. The Lamp Figure is of a simple design with a footprint that conserves space on a desk or workstation.

HITCH MYLIUS

Architects Giel Kneer and Marianne Mueller's iconic seating design develops a simple, playful profile into a comfortable and versatile range of products. Comprising a seat unit with or without arms, a pouffe and a mini side-table, the elements can be combined in many ways and covered in a wide choice of fabrics. The frame construction is of FSC-wood-washed hardwood and plywood, with elastic seat suspension. The upholstery is made of graded CMHR foams with polyester fleece and the tabletop is finished in a white polyester lacquer.

MORGAN CONTRACT FURNITURE

The Miami sofas and chairs have been designed by Katerina Zachariades with a view to create a striking contemporary version of a vintage style. The sofa has an elegant slim profile with separate seat cushions and fitted upholstery, a buttoned back detail is optional. The range is constructed in solid teak with turned legs, which complies with Morgan's ethos of using sustainable PEFC timber. It also uses top-quality CMHR foams.
