

Plera pendant lamp

technical sheet

Suspended elegance. The idea was to realize a small suspension lamp which could express minimalism but with the soft touch of the wood in opposition to the cold touch of ceramic. The inversion of a simple shape like that one of a funnel creates a really simple lamp, where the wood gives the last friendly touch in contrast to the elegant and classic appearance of the ceramic.

Hailing from Italy, designer Enrico Zanolla believes his shapely lamp is the perfect expression of simplicity. Crafted with italian ceramic and curved solid beech wood, Plera will suit your room with refined taste.
